GENERAL PROXY INFORMATION

Solicitation of Proxies

This Circular is furnished in connection with the solicitation of proxies by or on behalf of management of the Corporation for use at the Meeting to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting. References in this Circular to the Meeting include any adjournment(s) or postponement(s) thereof. It is expected that the solicitation will be primarily by mail, however proxies may also be solicited personally by telephone or by facsimile by the directors and/or officers of the Corporation at nominal cost. The cost of solicitation by management will be borne by the Corporation. Pursuant to National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*, arrangements have been made with clearing agencies, brokerage houses and other financial intermediaries to forward proxy solicitation material to the beneficial owners of the Common Shares. The cost of any such solicitation will be borne by the Corporation.

Appointment and Revocation of Proxies

Enclosed with this Circular is a form of proxy for registered Shareholders. The persons named in the enclosed form of proxy are directors of the Corporation (each a “**Director**” and together, the “**Directors**”) and will represent management of the Corporation at the Meeting. **A Shareholder has the right to appoint a person or company to represent the Shareholder at the meeting other than the person or company, if any, designated in the form of proxy.** A Shareholder desiring to appoint a person or company other than the persons designated in the accompanying form of proxy, who need not be a Shareholder, to represent such Shareholder at the Meeting, may do so by striking out the names printed on the proxy and inserting the name of such other person in the blank space provided in the enclosed form of proxy and returning the completed proxy to the Transfer Agent by delivering the proxy to Proxy Department, CST Trust Company: (i) by mail to P.O. Box 700 Postal Station B Montreal, QC H3B 3K3; or (ii) by facsimile at (416) 368-2502 or 1 (866) 781-3111 or by email at proxy@canstockta.com . The form of proxy must be received by the Transfer Agent by 5:00 p.m. (Toronto time) on April 27, 2015 (or at least 48 hours prior to any reconvened meeting in the event of any adjournment(s) or postponement(s) of the Meeting), or by presenting it at the Meeting to the chairperson of the Meeting prior to commencement of the Meeting (or at the reconvened meeting in the event of any adjournment(s) or postponement(s) of the Meeting). Failure to so deposit a form of proxy will result in its invalidation.

A proxy given pursuant to this solicitation may be revoked by instrument in writing, including another proxy bearing a later date, executed by the registered Shareholder or by his, her or its attorney duly authorized in writing, and deposited either at the registered office of the Corporation or by mail or facsimile to the Transfer Agent (as set out in the paragraph immediately above) by 5:00 p.m. (Toronto time) on April 27, 2015 (or at least 48 hours prior to the commencement of any reconvened meeting in the event of any adjournment(s) or postponement(s) of the Meeting), or with the chairperson of the Meeting prior to the commencement of the Meeting (or at the reconvened meeting in the event of any adjournment(s) or postponement(s) of the Meeting), or in any other manner permitted by law.

Voting of Proxies

A registered Shareholder forwarding the enclosed proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. The persons named on the form of proxy must vote for or against or withhold from voting, as applicable, the registered Shareholder’s Common Shares in accordance with the registered Shareholder’s directions and on any ballot that may be called for. If the registered Shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business then the space opposite the item is to be left blank. The persons named in the enclosed form of proxy will vote the Common Shares in respect of which they are appointed in accordance with the direction of the Shareholder appointing them. **In the absence of such direction, such Common Shares will be voted in favour of the matters outlined in the Notice of Meeting and this Circular.**

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting or any adjournment(s) or postponement(s) thereof. At the time of printing of this Circular, management and the Directors know of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to all Shareholders, as all Common Shares are registered in the name of CDS & Co. (“CDS”) (the registration name of CDS Clearing and Depository Services Inc., which acts as depository for many Canadian brokerage firms) and Shareholders hold their Common Shares through their brokers, intermediaries, trustees or other persons. Common Shares registered in the name of CDS can only be voted (for or against resolutions) upon the instructions of the Shareholders, as the beneficial holders of the Common Shares. Without specific instructions, a broker and its agents and nominees are prohibited from voting Common Shares for the broker’s clients. Therefore, Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate party.

Applicable regulatory rules require intermediaries/brokers to seek voting instructions from Shareholders in advance of security holders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Shareholder by his or her broker (or the agent of the broker) is identical to the form of proxy provided to registered Shareholders. However, its purpose is limited to instructing the registered Shareholder (the broker or agent of the broker) how to vote on behalf of the Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communication Solutions (“**Broadridge**”). Broadridge normally prepares a “Voting Instruction Form” (the “**VIF**”) based upon the Corporation’s form of proxy, which it then distributes to Shareholders. The VIF must then be completed and returned to Broadridge by the Shareholder by mail or facsimile in accordance with the instructions provided therein. Alternatively, the Shareholder can call a toll-free number or access the internet to provide instructions regarding the voting of Common Shares held by the Shareholder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Shareholder receiving a Broadridge VIF cannot use that proxy to vote Common Shares directly at the Meeting. The VIF must be returned to Broadridge well in advance of the Meeting in order to have the Common Shares voted at the Meeting. Some brokers who do not use Broadridge’s services send out the Corporation’s form of proxy to Shareholders, executed by the broker but otherwise incomplete. The Shareholder must mark the proxy how he or she wishes to vote and return the proxy either directly to the Transfer Agent or to the broker, who will then forward the proxy to the Transfer Agent. **A SHAREHOLDER CANNOT VOTE THEIR COMMON SHARES IN PERSON AT THE MEETING UNLESS THE SHAREHOLDER APPOINTS HIMSELF OR HERSELF AS THEIR OWN PROXY.**

Although a Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of CDS, a Shareholder may attend at the Meeting as proxy holder for the registered Shareholder and vote the Common Shares in that capacity. Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxy holder for the registered Shareholder in this regard should enter their own names in the blank space on the form of proxy or VIF provided to them and return same to their broker or other intermediary (or the broker’s agent or other intermediary) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting. If a Shareholder has voted by mail and would like to change his or her vote, the Shareholder should contact his or her nominee to discuss whether this is possible and what procedures such non-registered holder should follow.

Proxy-related materials will be sent by the Corporation to intermediaries and not directly to Shareholders. The Corporation intends to pay for such intermediaries to deliver proxy-related materials and Form 54-101F7 (the request for voting instructions) to “objecting beneficial owners”, in accordance with National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*.

Voting Securities and Principal Holders Thereof

The authorized capital of the Corporation consists of an unlimited number of Common Shares. All Common Shares are of the same class with equal rights and privileges. The Common Shares are not subject to future calls or assessments, and entitle the holder thereof to one vote for each Common Share held at all meetings of Shareholders. As at the date hereof, there are 16,731,216 Common Shares issued and outstanding.

The record date for the purpose of determining the Shareholders entitled to receive notice of and to vote at the Meeting is March 24, 2015 (the “**Record Date**”). The Corporation will prepare a list of holders of Common Shares at the close of business on the Record Date. Each holder of Common Shares named in the list will be entitled to vote at the Meeting the Common Shares shown opposite his name on the list except to the extent that such holder has transferred any Common Shares after the date on which the list is prepared or after the Record Date and the transferee, upon establishing that such person owns such Common Shares, demands at any time prior to the Meeting that the name of that person be included to vote the transferred Common Shares at the Meeting.

A quorum for the transaction of business at the Meeting will consist of two or more individuals present in person either holding personally or representing as proxies not less in aggregate than 10% of the votes attached to all of the Common Shares then outstanding.

As at the date hereof the following table sets forth the only person who, to the knowledge of the Directors and senior officers of the Corporation, based on available public records, beneficially owns, or controls or directs, directly or indirectly, voting securities of the Corporation carrying 10% or more of the voting rights attached to any class of outstanding voting securities of the Corporation.

Management of the Corporation does not contemplate that any of the nominees will be unable to serve as a Director for the ensuing financial year, however, if that should occur for any reason prior to the Meeting or any adjournment(s) or postponement(s) thereof, the persons named in the form of proxy accompanying this Circular have the right to vote for the election of the remaining nominees and may vote for the election of a substitute nominee in their discretion. Each Director elected will hold office until the close of the first annual meeting of the Shareholders following his election unless his office is earlier vacated in accordance with the by-laws of the Corporation or applicable corporate law. The following sets forth the names and municipalities of residence of each of the proposed Directors, their respective principal occupations, business or employment within the five preceding years, their beneficial ownership of, or control or direction over, Common Shares (in each instance based upon information furnished by the nominee) and, if applicable, the year in which they started to serve as a director of the Corporation..

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overall Compensation Goals

The following is a description of the compensation program of the Corporation, which is monitored and evaluated by senior management, together with the Board and its CNCG Committee, and adjusted if and when necessary. The Corporation’s compensation program aims to provide employees with base salaries consistent with regional industry norms while offering additional short-term incentives in relation to the Corporation’s financial and safety performance and personal performance against employee-specific metrics. The compensation program is designed to encourage retention while rewarding strong financial, safety and personal performances. Though the employees in respect of the Corporation’s business and operations are actually employed by the Operating LP, and its senior executives employed by Brookfield GP, the general partner of Brookfield LP, and/or Brookfield, which provides certain management and administrative services to the Corporation and certain of its subsidiaries as discussed above under the heading “Arrangements with Brookfield LP”, the Corporation sets the overall compensation program in respect of such individuals.

Compensation Elements and Individual Performance Metrics

The Corporation’s compensation program consists of base salary, a short-term incentive program that rewards performance within specific areas, and a long-term incentive program for key members of senior management of the Corporation’s business and operations that ties rewards directly to the Corporation’s financial

performance. Base salary is set through the review of both formal and informal regional benchmarks with all employees subject to annual performance and compensation reviews. The Corporation's short-term incentive program takes into account the Corporation's financial performance (50%) and safety performance (20%), and employee-specific, annually-defined performance targets (30%). Financial and safety performance measures are standardized across all employees, while individual, annually-defined performance objectives are determined by senior management. Awards granted pursuant to the senior management long-term incentive program are based on the Corporation's financial performance, as discussed below.

Hedging of Economic Risks for Personal Equity Ownership

All Directors and executives of the Corporation are prohibited from entering into transactions that have the effect of hedging the economic value of any direct or indirect interests by the Director or executive in Common Shares, unless such transactions are executed and disclosed in full compliance with all applicable regulations and have been previously approved by the Chief Financial Officer and Chief Executive Officer of the Corporation and, if appropriate, the CNCG Committee. To date, no Director or executive has hedged the economic value of their direct or indirect interests.

Share-Based and Option-Based Awards

Other than as described below, none of the Corporation, Acadian Timber Limited Partnership (the "**Partnership**"), the Operating LP or KFM LLC have adopted share-based or option-based award plans.

However, the Corporation's long-term incentive program for senior management utilizes a deferred share plan (the "**DSP**") that provides for the granting of rights to participants to receive, on a deferred basis, cash payments equal to the fair market value of the shares of the Corporation on the terms set out in the DSP. The DSP is substantially similar to the deferred share unit plan (the "**DUP**") of the Corporation's predecessor, Acadian Timber Income Fund (the "**Fund**"), which was in place until the Fund completed its conversion to a corporate structure on January 1, 2010. The DUP was established as of January 1, 2007 and the Corporation has incorporated into the new DSP a mechanism by which any deferred units issued pursuant to the DUP continue under the DSP.

Deferred shares are offered under the DSP to select senior management in the Board's discretion, as discussed further below. The Board believes that the DSP provides a link between individual long-term bonus compensation with the Corporation's financial performance, as reflected by the fair market value of the Common Shares, while allowing for flexibility in recognizing individual achievement. The DSP provides that awards vest in equal one-third portions over a three-year vesting period, thereby also encouraging senior executive retention. The Board is of the view that the DSP is an effective mechanism to align senior management interests with those of the Shareholders while encouraging management retention.

The DSP is administered by the CNCG Committee, which is comprised of independent Directors. Grants under the DSP are based on individual employee performance, together with an assessment of the Corporation's performance against annual financial targets set by senior management with input from the Board. The Corporation's achievement of such financial targets is not a strict requirement for grants to be made, but is instead used as a guide to assist the CNCG Committee in exercising its discretion under the DSP. Senior management also provides the CNCG Committee with periodic reports and recommendations, which help identify exceptional performance. For the Fund's 2009 fiscal year, and for the Corporation's 2010-2014 fiscal years, the CNCG Committee granted modest awards to two senior managers in each fiscal year to reflect their exceptional individual performance. Grants under the DSP, like the DUP, generally do not take into account grants from previous years, as the CNCG Committee tends to focus on the year in question. However, the CNCG Committee has the discretion to take into account prior grants in considering new grants where the circumstances make it appropriate to do so.

Holders of deferred shares granted under DSP are entitled to receive additional deferred shares when dividends are paid on the Common Shares calculated by dividing, (i) the dividend paid on a Common Share multiplied by the number of deferred shares credited to the DSP participant's account, by (ii) the closing price of the Common Shares on the TSX as of the dividend payment date. The DSP is unfunded and deferred shares are non-transferrable. The Board has the authority to amend or terminate the DSP.

Performance Graph

The following graph compares the cumulative total shareholder return on \$100 invested in the Corporation and its predecessor, the Fund⁽¹⁾ (assuming the reinvestment of distributions on units of the Fund or dividends on the Common Shares, as applicable) with the total cumulative return of the S&P/TSX Composite Index for the period from December 31, 2009 through December 31, 2014.

Notes:

- (1) Pursuant to a plan of arrangement under the *Canada Business Corporations Act* completed on January 1, 2010, the units of the Fund were converted, on a one-for-one basis, for Common Shares, and the Corporation became the direct and indirect owner of the subsidiaries which own and operate the businesses which had been owned and operated by the Fund and its subsidiaries prior to January 1, 2010.

As described in more detail below, only a portion of the total compensation paid to the Corporation's Named Executive Officers (as defined in Form 51-102F6 – *Statement of Executive Compensation*) during the period reported in the above performance graph related to their services to the Fund or the Corporation, as applicable, during such period. Historically, compensation of the Fund's or the Corporation's Named Executive Officers was more closely aligned with the Fund's or the Corporation's performance using earnings-based measures, which has differed at times from the market price of the Fund's units or the Corporation's Common Shares, respectively.

Compensation Governance

The Corporation's CNCG Committee consists of three Directors, including Saul Shulman, as Chair, and Messrs. J.W. Bud Bird, O.C. and David Mann. All members of the CNCG Committee are independent Directors of the Corporation. The Corporation believes that each of the CNCG Committee members has direct experience relevant to his responsibilities on the committee. Mr. Shulman serves on the audit committee and is the Chairman of the governance committee of Summit Industrial Income REIT and was Chairman of the compensation committee of both Brookfield Asset Management Inc. and Brascan Corporation. He was also Chairman of the compensation and governance committee of Summit Real Estate Investment Trust. For more than fifty years, Mr. Bird has been general manager of his own private business enterprise and currently serves as a member of the Miramichi Salmon Association's compensation committee. In addition, Mr. Bird spent over fifteen years in public office, including as Mayor of Fredericton and Minister of Natural Resources of New Brunswick. Mr. Mann practiced securities law for over 30 years, and as a result has extensive knowledge of compensation and corporate governance guidelines and regulations. He has also acted as Chief Executive Officer of a TSX listed corporation, where he was involved in the recruitment, development, and retention of senior management, including performance evaluation, compensation, and succession planning.

The Board has adopted a written mandate for the CNCG Committee setting out its responsibilities which include, among other things: (i) assessing the effectiveness of the Board, each of its committees and individual Directors; (ii) overseeing the recruitment and selection of candidates as Directors; (iii) organizing an orientation and education program for new Directors; (iv) reviewing and making recommendations to the Board concerning any change in the number of Directors composing the Board; (v) considering questions of senior management succession; (vi) administering and making recommendations regarding the operation of any long-term incentive plan and any other employee incentive plans; and (vii) appointing, administering the performance evaluation and assessing the compensation of senior management, excluding the Chief Executive Officer, Chief Financial Officer and Chief Operating Officer.

No compensation consultant or advisor has been retained to assist the Board or the CNCG Committee in determining compensation for any of the Corporation's Directors or executive officers. Additional information regarding the CNCG Committee can be found in the CNCG Committee's mandate attached to this information circular as Appendix C.

Notes:

- (1) The Corporation does not have a plan pursuant to which option-based awards are (or were) granted; rather, the figures reported in the table represent options granted pursuant to Brookfield's Management Share Option Plan, which options were granted in light of the respective contributions that Messrs. Carter, Banfill and Ms. Reilly made to the Corporation during each year. Such options reflect the time and effort spent, and the respective achievements, of Messrs. Carter, Banfill and Ms. Reilly in providing services to the Corporation.

For grants made in 2014, the fair value of the option-based awards was derived by application of the Black Scholes option pricing model, assuming a strike price of \$54.40, an average term to exercise of 7.5 years, a volatility of 30.4%, a risk free rate of 1.8%, a weighted average annual dividend yield of 4.6% and a liquidity discount of 25%.

For grants made in 2013, the fair value of the option-based awards was derived by application of the Black Scholes option pricing model, assuming a strike price of \$40.15, an average term to exercise of 7.5 years, a volatility of 31.4%, a risk free rate of 2.3%, a weighted average annual dividend yield of 1.5% and a liquidity discount of 25%.

For grants made in 2012, the fair value of the option-based awards was derived by application of the Black Scholes option pricing model, assuming a strike price of \$37.82, an average term to exercise of 7.5 years, a volatility of 31.2%, a risk free rate of 1.3%, a dividend growth rate of 3.1% and a liquidity discount of 25%.
- (2) The figures reported in the table above represent the portion of Mr. Carter's total compensation paid during the year by Brookfield that is attributable to his services to the Corporation in 2012, 2013 and 2014. This proportionate compensation is reflective of the approximate time and effort Mr. Carter spent providing services to the Corporation as a portion of his overall efforts managing Brookfield's entire timberlands portfolio. Mr. Carter's responsibilities in respect of Brookfield's entire timberlands portfolio overlapped with his responsibilities to the Corporation during the years reported and, as a result, Mr. Carter was able to apply significant knowledge and skill acquired in his capacities as Managing Partner of Brookfield and President of Brookfield GP, the general partner of Brookfield LP, in providing services to the Corporation.
- (3) The figures reported in the table above represent the portion of Mr. Banfill's total compensation paid during the year by Brookfield that is attributable to his services to the Corporation in 2012, 2013 and 2014. This proportionate compensation is reflective of the approximate time and effort Mr. Banfill spent providing services to the Corporation as a portion of his overall responsibilities to Brookfield. Mr. Banfill's responsibilities in his role as a senior executive of Brookfield overlapped with his responsibilities to the Corporation and, as a result, Mr. Banfill was able to apply significant knowledge and skill acquired in his capacity as a senior executive of Brookfield in providing services to the Corporation. Mr. Banfill transitioned from Chief Financial Officer of the Corporation to Chief Operating Officer on July 31, 2013.
- (4) The figures reported in the table above represent the portion of Ms. Reilly's total compensation paid during each year by Brookfield that is attributable to her services to the Corporation in 2013 and 2014. This proportionate compensation is reflective of the approximate time and effort Ms. Reilly spent providing services to the Corporation as a portion of her overall responsibilities to Brookfield. Ms. Reilly's responsibilities in her role as a senior executive of Brookfield overlapped with her responsibilities to the Corporation and, as a result, Ms. Reilly was able to apply significant knowledge and skill acquired in her capacity as a senior executive of Brookfield in providing services to the Corporation. Ms. Reilly was appointed Chief Financial Officer of the Corporation on July 31, 2013.
- (5) The figure reported under share-based awards in the Corporation's management information circular dated May 13, 2014 was incorrect. The share-based compensation received by Reid Carter in 2012 was unrelated to his services to the Corporation.

Incentive Plan Awards

As described above under "Statement of Executive Compensation – Compensation, Discussion and Analysis – Share-Based and Option-Based Awards", the Corporation's DSP provides a mechanism for compensation under the Corporation's long-term incentive program. The DSP provides for the granting of rights to participants to receive, on a deferred basis, cash payments equal to the fair market value of the shares of the Corporation on the terms set out in the DSP. None of the Corporation's Named Executive Officers have participated under the Corporation's DSP nor did any of them participate under the DUP of the Corporation's predecessor.

Pension Plan Benefits

The Corporation does not have a pension plan, nor have any of the Partnership, the Operating LP or KFM LLC adopted a pension plan that provide for payments or benefits to Named Executive Officers or Directors.

Termination and Change of Control Benefits

The Corporation does not have agreements in place with its Named Executive Officers in respect of termination and change of control benefits, nor have any of the Partnership, the operating LP or KFM LLC entered into any such agreements. Furthermore, the employment agreements of the Named Executive Officers with Brookfield (or one of its affiliates) do not contemplate termination or change of control benefits in respect of such person's service to and position with the Corporation.

The following table describes compensation for Directors for the financial year ended December 31, 2014.

David Mann	\$38,000	Nil	Nil	Nil	Nil	\$4,822	\$42,822
Saul Shulman	\$38,000	Nil	Nil	Nil	Nil	Nil	\$38,000
Samuel J.B. Pollock ⁽²⁾	Nil	Nil	Nil	Nil	Nil	Nil	Nil

Notes:

- (1) Mr. Carter does not receive any compensation in his capacity as Director. For Mr. Carter's compensation as President and Chief Executive Officer of the Corporation, see page 11 of this Circular.
- (2) Mr. Pollock, Chairman of the Board, voluntarily chose not to receive the annual Directors' compensation as he receives compensation as a senior officer of Brookfield.
- (3) Travel expenses

In 2014, Director compensation was equal to \$35,000 per Director for the year (no such compensation was paid to Directors who are also officers or employees of Brookfield (or any of its affiliates)). The Chair of each standing committee of the Board received additional compensation of \$3,000 per year. The Directors were also entitled to reimbursement for reasonable traveling and other expenses properly incurred by them in attending meetings of the Board, or any committee thereof, or in connection with their services as Directors. Going forward, the Board shall determine the reasonable remuneration for Director services rendered to the Corporation.

<p>(b) Disclose whether or not the Board has a compensation committee composed entirely of independent Directors. If the Board does not have a compensation committee composed entirely of independent Directors, describe what steps the Board takes to ensure an objective process for determining such compensation.</p>	<p>The CNCG Committee is composed of three Directors, each of whom is independent.</p>

During the review process, the CNCG Committee specifically considers: (i) input from the Directors, where appropriate (including through annual performance surveys and self-assessments); (ii) attendance of the Directors at Board and committee meetings; (iii) compliance with the Board and committee mandates; and (iv) the competencies and skill sets of the individual Board and committee members.</p>
<p>10. If the Corporation has not adopted director term limits or other mechanisms of Board renewal, disclose why it has not done so.</p>	<p>The Corporation does not have any term limits or other mechanisms of Board renewal, as the Board believes that the imposition of term limits for its directors may lead to the exclusion of potentially valuable members of the Board. While there is a benefit to adding new perspectives to the Board from time to time, there are also benefits to having continuity and Directors having in depth knowledge of each facet of the Corporation's business, which necessarily takes time to develop.</p>
<p>11. Policies Regarding the Representation of Women on the Board Disclose whether the Corporation has adopted a written policy relating to the identification and nomination of women Directors. If the Corporation has not adopted such a policy, disclose why it has not done so.</p>	<p>While the Corporation recognizes the value of and supports the principle of diversity, it has not adopted a written policy relating to the identification and nomination of women Directors. The Board does not believe that strict rules in the identification and nomination process necessarily ensure the selection of the best candidates.</p>

If the Corporation does not consider the level of representation of women on the Board in identifying and nominating candidates for election or re-election to the Board, disclose the Corporation's reasons for not doing so.</p>	<p>The CNCG Committee's identification and selection process is based on a variety of different criteria, including diversity of background and opinion, skills, experience and other relevant factors. As such, consideration of the level of women on the Board is one factor among many that plays a role in the CNCG Committee's decision-making process.</p>
<p>13. Consideration Given to the Representation of Women in Executive Officer Appointments</p> <p>Disclose whether and, if so, how the Corporation considers the level of representation of women in executive officer positions when making executive officer appointments. 3. COMPOSITION AND PROCEDURES

- (a) **Size of the Board and selection process** – The directors of the Corporation are elected each year by the shareholders at the annual meeting of shareholders. Any shareholder may propose a nominee for election to the Board at the annual meeting. Between annual meetings, the Board may appoint directors to fill vacancies until the next annual meeting.

A majority of the directors should qualify as “independent” as defined in National Instrument 52-110 – *Audit Committees*.⁽¹⁾
- (c) **Meetings** – The Board shall hold at least four scheduled meetings each year. Senior management of the Corporation shall be responsible for presenting an agenda to the directors for consideration prior to each Board meeting. Materials for each meeting will be distributed to the directors in advance of the meetings. Directors are expected to have read and considered the materials sent to them in advance of the meetings and be prepared to discuss the matters contained in such materials at the meeting.

⁽¹⁾ See Appendix B.

The independent directors will hold regular meetings at which the non-independent directors and members of the Corporation's senior management are not in attendance.

- (d) **Committees** – The Board has established the following standing committees to assist the Board in discharging its responsibilities: an Audit Committee and the CNCG Committee. Special committees may be established from time to time to assist the Board in connection with specific matters. The chair of each committee reports to the Board following meetings of the committee. The mandate of each standing committee will be reviewed annually by the Board (through the CNCG Committee or in any manner that the Board deems appropriate).

- (f) **Compensation** – Compensation of directors shall be at a level that will attract and motivate professional and competent Board members, based on the recommendations, from time to time, of the CNCG Committee.
- (g) **Chairperson of the Board** – The Board will elect, by majority vote, a chairperson (the “**Chair**”) from its membership each year at the first meeting of the Board after a meeting of the shareholders of the Corporation at which the directors are elected, provided that if such election is not made, the director who is then serving as Chair shall continue as Chair until his or her successor is elected. The Chair's responsibilities have been determined and approved by the Board and have been set out in a written position description. The Chair shall be an independent director (determined in accordance with this Mandate) unless the Board determines otherwise.
- (h) **Lead Director** – If the Chair is not an independent director, the Board shall elect, by majority vote, a “lead director” to act as a liaison between the Board and senior management of the Corporation. The lead director's responsibilities have been determined and approved by the Board and have been set out in a written position description, which include monitoring the adequacy of materials provided to the directors, ensuring directors have adequate opportunities to meet without senior management of the Corporation being present and presiding over *in camera* meetings of the independent directors.

4. ANNUAL EVALUATION

At least annually, the Board shall, through the CNCG Committee, or in any manner it determines to be appropriate:

- (a) conduct a review and evaluation of the performance of the Board and its members and committees, including compliance by the Board with this Mandate. This evaluation shall focus on the contribution of the Board to the Corporation and its subsidiaries and specifically focus on areas in which the directors and senior management believe that the contribution of the Board could be improved; and
- (b) review and assess the adequacy of this Mandate and the position descriptions for the Chair and lead director and make such changes as it considers necessary or appropriate.
